Every attempt will be made to keep to the Timetable but please be aware that exact times of events may vary. Team Managers are responsible for ensuring that their athletes report to the start area for their event at least ten minutes before their event and for field events at least fifteen minutes before so as to have time to measure run-ups and have the necessary practices. Please listen for announcements of changes.

Please ensure that the Chief Marksman and the relevant Field Officials know if a Field event and Track event clash for any athlete so that appropriate arrangements can be made. The old adage that "Track takes precedence over the field" is no longer the case but a track race cannot be postponed/delayed to wait for an athlete to arrive.
