	404 Freddie Marks	U15b	Worksop	250

The details for athlete of the match are calculated on all athletes who compete in three events and the achievements gained are compared to the best of the last 10 achievements for that event and the percentage to this is found. The three percentages are then totalled and averaged to give a total out of 100 (or a percentage) this is then averaged over the athletes three events. The Multi event award compares the athletes achievement with the record for each event and awards points. These are then used to find the athletes best score in each of the three groups which are added together to give the total score.
