- 16) The " Fun in Athletics" regional competition cover the following events that are not included in the current timetable:
- Balance test
 - Target Throw
 - High Stepper
- 17) It is hoped that these will be covered adequately by the clubs on training nights and results forwarded to the regional results coordinator.
- 18) These events are covered fully in the Octathlon that we hold each year and all U11's should be encouraged to attend

From the above and the main scoring events the regional team will be selected

Format of Sportshall League Competitions

- 19) One child from each athletic club will be eligible to score in each individual event and one team from each athletic club will be eligible to score in each relay event. Additional 'Guest' competitors will be allowed to compete at the discretion of the organisers in all events, but will not score.
- 20) Each **track event** may be run in one or more races dependent on the number of athletes entering. To ensure good racing the first race(s) will have the scoring athlete (or athletes in the case of paarlauf's and relays) from each Club as seeded by team managers who should inform the athlete(s) concerned.

- 21) **Each athlete can compete in a maximum of three events plus a relay.** This rule applies to all age groups. If this is not observed ALL the points awarded to the athlete concerned will be removed from the club's total. The athletes concerned will be left in the listing but there achievements will be blanked out, No other athletes will be allowed to take their place if they were a scoring athlete
- 22) All competitors **must** wear a club vest and **preferably** above the knee shorts plus a **number** relevant to the club as listed below in 28. This number will be used by the athlete all season. (Note - even the under 9's will need a number and to be added to the clubs list). If clubs have a shortage of numbers to allocate then, a boy and a girl can have the same number. **Two boys or two girls cannot have the same number**
- 23) Team sheets for all clubs will be sent to team managers prior to the match and this will contain all the dates of birth for each athlete. The sheet needs to be up dated and sent to the Results Secretary prior to the match so the data base can be updated. Please note that any Athlete achieving a scoring position and for whom a correct date of birth has not been declared then the team points achieved will be removed (though the athlete's position will remain intact). This date of birth must be up dated **PRIOR** to the athletes first event taking place (the lack of the date of birth is shown in the team list and results by a ? in the age rating e.g. ?13b)
- 24) It is a requirement by English Athletics that all competing athletes aged U13 and above are registered with them and have a URN number. Therefore any athlete not declaring there number before the match will not be able to score for their club and will run as guests.
- 25) If any Athlete because of Religious Reasons needs to have bare skin covered, details will need to be handed in by the team manager to the Officials prior to there first match. This then allows them to compete in all events provide that they wear a Club Vest and that they must wear clothing of a general athletic nature which is not a trip or snag hazard and does not compromise other athletes. The match referee has the ultimate discretion to prohibit any athlete from participating for heath and safety reasons
- 26) Relay changes in 4 x 2 or paarlauf are to be made in the 10 metres before or after the start/finish line. (this should be well clear of the turning board could be marked with a cone)
- 27) Any infringement made in relays for example missed tag, missed speed bounce, missed hurdle etc. will each incur a time penalty of 0.5 sec.
- 28) Numbers allocated to Clubs
